

1,301 PASSENGER CARS REGISTERED IN MADISON

160 Trucks, 10 Dealers, 55 Chauffeurs, and 3 Motorcycles—Other Counties Report

(By Associated Press)
Frankfort, Ky., April 6—A total of 98,405 motor driven vehicles had been registered by the clerks of the various counties throughout the state up to and including Saturday, March 18, according to duplicates of license slips filed with the automobile department of the State Tax Commission here. Of these 85,740 were pleasure cars; 12,245 trucks, and 420 motorcycles.

Besides the individual cars registered, 617 dealers paid the required fees and received tags under which they may operate new and unsold cars until they are purchased by some individual. Chauffeur licenses during the same period totaled 4,955.

Jefferson county led the state in all kinds of licenses issued by the automobile department, with 18,059 pleasure cars; 4,162 trucks, 59 motorcycles, 176 dealers and 2,296 chauffeurs.

Fayette county came second with 3,999 pleasure cars; 747 trucks; 38 motorcycles; 26 dealers and 329 chauffeurs.

Kenton county was third with 3,656 pleasure cars; 801 trucks; 36 motorcycles; 15 dealers and 38 chauffeurs.

Campbell county was fourth with 3,130 pleasure cars; 657 trucks; 36 motorcycles; 17 dealers and 23 chauffeurs.

Floyd county bears the unique distinction to March 18 of having one dealer registered but not a single pleasure car, truck, motorcycle or chauffeur. Clay, Jackson, Knott, Leslie, Magoffin, Martin and Owsley counties reported no licenses of any kind issued, while Lee county reported the licensing of three pleasure cars, no license of any other kind pertaining to automobiles.

Reports made March 18 by other counties include the following: Anderson—Passenger cars 554, trucks 70; motorcycles 1; dealers 4; chauffeurs 27.

Ballard—Passenger cars 503; trucks 29; motorcycles 3; chauffeurs 5.

Dead Rats and Mice In Moonshine Mash

Paducah Ky., Apr. 6—Here is a happy thought to go with your white mule. The sheriff's men declare it was anything but a pleasing sight, but that it is true. They discovered eight barrels of mash hidden away on a farm in the county and proceeded to pour it out. The bottom of each of the barrels of mash, presumably to be used in making "white mule" was pretty well filled with dead rats and mice. It's happened before, they say. This is the second raid when the mash was emptied that rats and mice were found in the bottom of the barrels. The raid was made by Sheriff Stewart and deputies.

"PASSING THE BUCK" ON OLDHAM'S MONEY

Officials in the Auditor's office and connected with the last legislature are busy "passing the buck" in connection with payment to R. C. Oldham, of Richmond, of his expenses connected with his contest against the senate seat of William Wallace, Col. Oldham went to Frankfort Wednesday evening to consult his attorneys about the statute of the case. A dispatch to the Louisville paper said this:

Frankfort, Ky., Apr. 6—That any mistake was made by him in handling the resolution providing for the payment of the contest expenses of R. C. Oldham, to whom \$480.90 was paid, although the resolution was vetoed by Governor Morrow, is denied by Gates Young, Clerk of the Senate.

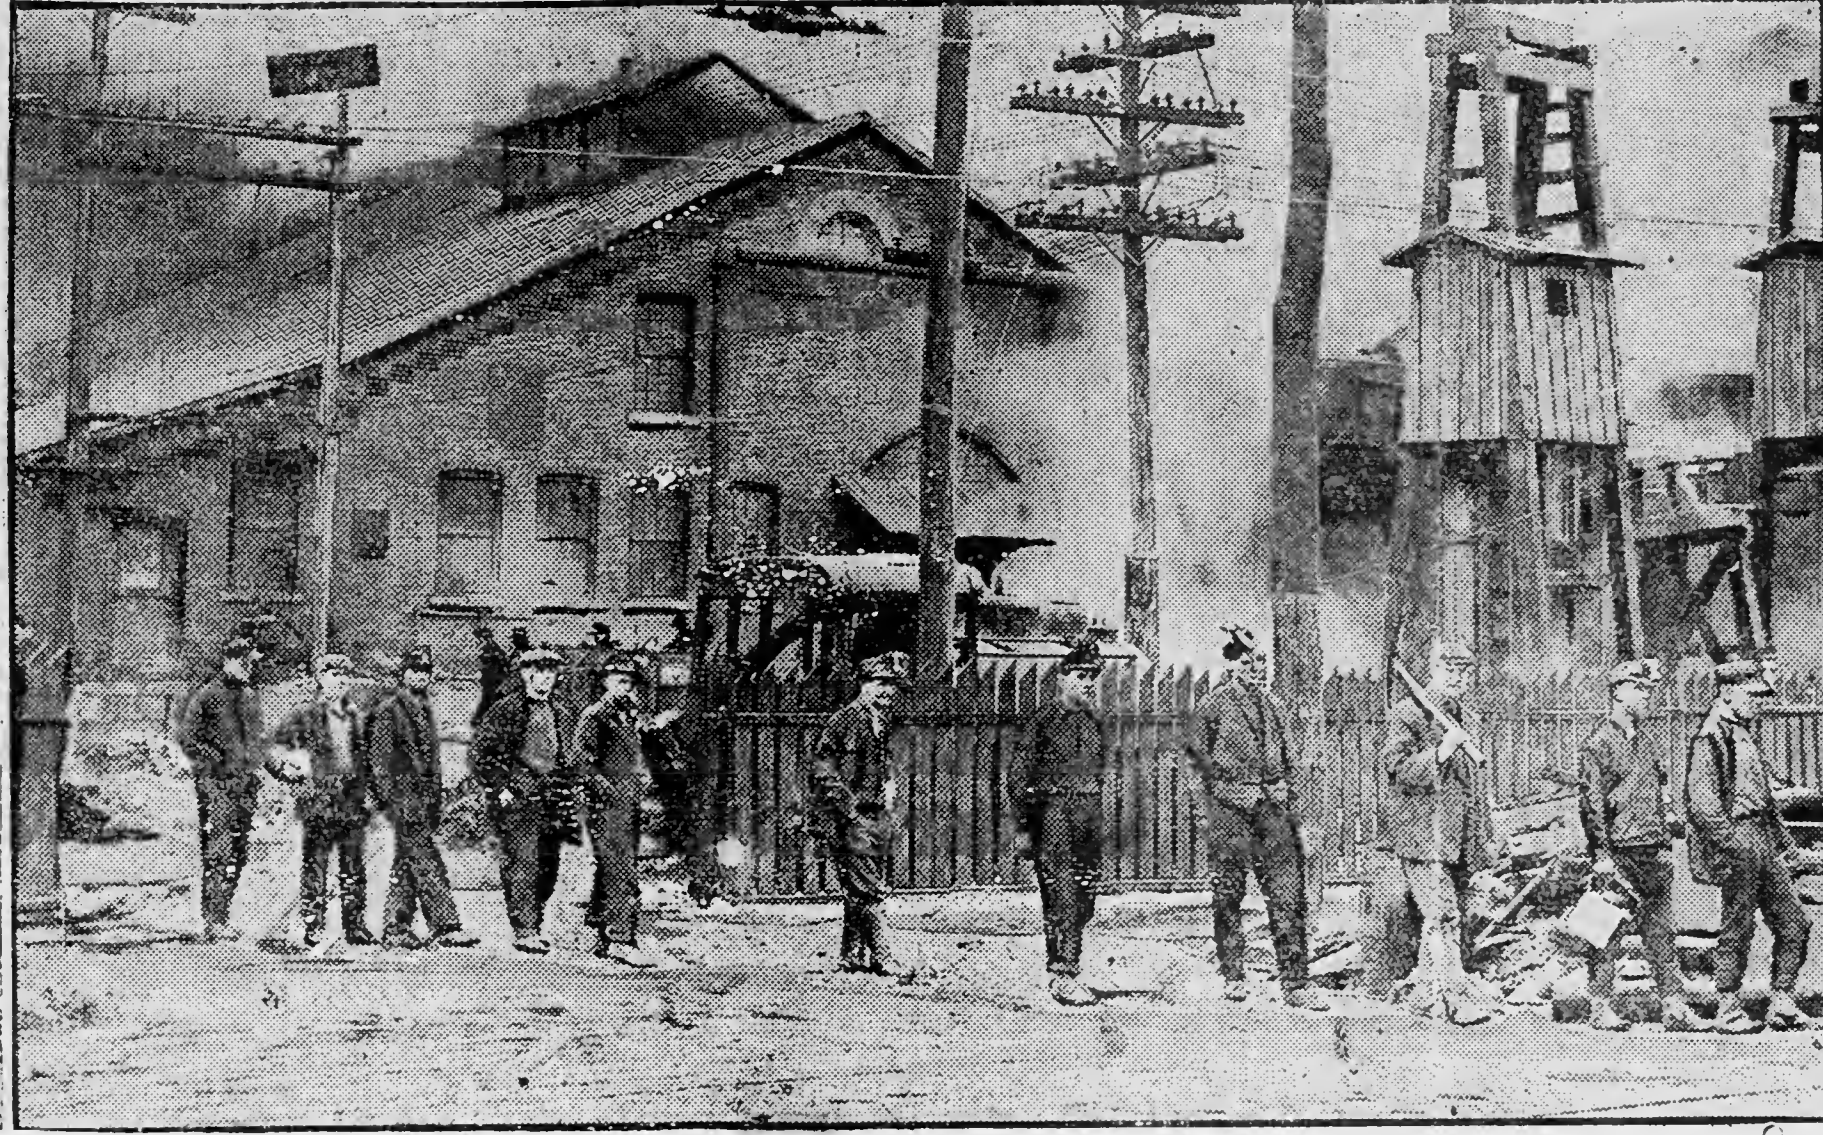

"The resolution directing payment of the expenses of Senator Wallace and R. C. Oldham in the contest case passed the Senate and the House of Representatives," said Mr. Young. "It was the duty of the Chief Clerk of the Senate because of the resolution being a Senate resolution, to certify it to the Auditor of Public Accounts as having passed the General Assembly, which was done. It is not the duty of the Chief Clerk of the Senate to ascertain whether or not the resolution was signed by the Governor, and as Clerk of the Senate, I certified the resolution to the Auditor on the last day of the General Assembly, which completed my duty. If any mistake has been made in this matter it is not at the door of the Clerk of the Senate, or within his office."

Senate Resolution 31, on a certified copy of which a warrant for \$480.90 was issued to Mr. Oldham Richmond, for his expenses in the contest for the seat of Senator William Wallace, before Governor Morrow exercised his veto prerogative, provided:

"That all of said expenses, fees and charges as above set out be and the same are now approved and allowed; that the said accounts be certified by the clerk and presiding officers of the Senate and House of Representatives to the Auditor for payment and upon so being certified the Auditor will draw a warrant against the Treasury in the sum of \$498.72, payable to William Wallace, or his attorneys, and likewise a warrant payable to R. C. Oldham or his attorneys in the sum of \$480.90, and likewise a warrant payable to Harry G. Bright for \$43, covering stenographer's service rendered the committee."

A copy of the resolution certified "passed," was sent by Mr. Young to the Auditor's office and delivered to V. G. Wolford, claim clerk, the last day of the session. Mr. Wolford had re-

MANY WORKING IN MISSINGWORD CONTEST

From the way mail has poured into the office of the Missing Word editor of the Daily Register since the first issue carrying the contest was printed last Saturday, it appears that nearly everyone of the Daily Register's thousands of readers is trying his or her hand at winning the juicy prize.

Of course nearly everyone got the right word, which was the word "Alterations," and which was missing from the advertisement of the R. C. H. Covington Company.

LOUISVILLE TRIES TO BLEED RACE TRACK

(By Associated Press)
Louisville, Ky., Apr. 6—Attorney for the Kentucky Jockey Club today announced he would fight the license tax ordinance passed by the city council last night, levying a tax of \$30 a day on each pari-mutuel machine at Churchill Downs, and other license taxes destined to raise about \$100,000 annual revenue from this source alone. The statement said the taxes are illegal because state laws provide race track tax levies.

ceived from the senate clerk a short time previously the certification of a resolution passed over the Governor's veto and under a misapprehension he issued the warrants. Arthur Doyle, Assistant State Auditor, said Mr. Doyle was out of the office when the transaction took place.

Afterward, Governor Morrow, who knew nothing of the warrants having been issued, vetoed the portion of the resolution referring to the Oldham claim.

MONEY AND CREDIT ARE MUCH EASIER

(By Associated Press)
Washington, Apr. 6—The recent advances in Liberty bonds are ascribed today at the Treasury to a gradual loosening of money and credit. It is explained that money is plentiful, interest rates have fallen and securities with fixed interest, such as government securities, have continued to rise.

TEXAS CONGRESSMEN LOVE EACH OTHER?

(By Associated Press)
Washington, Apr. 6—Representative Garner, democrat, of Texas, declared in the House today that if permitted by the rule to speak what is in the mind of all but one of the 434 members of the House, he would say that Representative Blanton of that state, "is a disgrace to this House and ought to be kicked out." Garner's statement, coming after Blanton had defended himself against a newspaper article, threw the House into great disorder and brought from the speaker a sharp, quick command to the sergeant-at-arms to prevent a personal clash after Blanton had shouted "he would hold Garner responsible if called a liar by him."

More Non-Union Mines Close

(By Associated Press)
Pittsburgh, Apr. 6—Six non-union mines in the Monongahela river district were closed today through the efforts of the United Mine Workers' organizers, while one important non-union plant was placed in operation. Union organizers say this closes all but 10 of the 55 non-union mines along the river.

NOBLES MAY HAVE ESCAPED TO CANADA

(By Associated Press)
Jackson, Ky., Apr. 6—It is reported here today that Bud Noble and his two sons, Beecher and Soldier, wanted in connection with the raid on the Breathitt county jail last December, have escaped to Canada. The general impression here, however, is they are still in this county, although the sheriff's posse is unable to locate them.

THIS OPERATOR SAYS MINERS ONLY TO BLAME

(By Associated Press)
Washington, Apr. 6—The coal strike as it affected the bituminous field of Central Pennsylvania was blamed on the miners today by T. H. Warkins, president of the operators' association there, who declared the break was due to the positive refusal of the miners to negotiate with their employers. He was testifying before the House Labor Committee.

DEWEY POWELL IN COUNTY COURT AGAIN

Upon complaint of Jonah Alcorn of the Freeman's Hollow section, Dewey Powell was fined \$10 and given 30 days in jail by a jury in county court Thursday morning on a breach of the peace charge. Alcorn testified that Powell had accused him of "talking about him," and threatened to kill him. Powell denied this and Grover Williams testified he saw Alcorn with his arm around Powell's neck and heard some cursing.

IRISH SITUATION BECOMING ACUTE

(By Associated Press)
London, Apr. 6—While the position is admittedly obscure even in Dublin, indications are that the situation in Ireland is becoming dangerous to the growing antagonism of the Republicans toward the supporters of the Irish Free state. Hostile demonstrations by the revolting section of the Irish Republican army against the Irish Republican Regulars is reported with increasing frequency the last few days.

FATAL SHOOTING REPORTED AT FORD

The Winchester Sun Wednesday told of a shooting affray at Ford across the river in Clark county as follows:

Rea Kidd, aged about 21 years, is reported to be in a fatal condition as the result of a shooting which occurred at Ford on Wednesday afternoon about 2 o'clock. According to the telephone message received here Kidd was shot by his uncle, Letcher Brown, while they were both at the home of his grandfather, John Brown. The gun used, according to the message, was a double barreled shotgun.

According to the details obtained on Wednesday afternoon, the two were at the home of John Brown, father of Letcher Brown, and grandfather of Kidd, when they engaged in a dispute. It is alleged that the dispute arose when Kidd refused to go after a bucket of water. The wounded man was brought to the Clark County Hospital for an x-ray examination to determine the extent of his injuries.

COLVIN PLANS FOR SUMMER SCHOOLS

Outlines Ideas For Spending \$50,000 Appropriated By Legislature For Purpose

Frankfort, Ky., April 6—The six weeks' summer school, to be held throughout the state as a result of a law passed by the General Assembly, appropriating \$50,000 for the purpose, will begin early in June, according to a statement made here today by George Colvin, superintendent of public instruction, outlining the plan for the schools. The state will pay half of the expenses for the various schools but not to exceed \$500.

Each school, according to the plan, will have at least two instructors, the maximum salary for principals of the schools to be \$375 for the six weeks' course, and the assistants \$225. The minimum number of instructors for each school is to be two, but others may be added as the number of students warrant, no class to be less than ten students and more than fifty.

The method by which the state will determine its payment, briefly, is as follows:

First—The State Board of Education will pay half of the cost of each school up to \$500, if funds are available.

Second—Any county levying the maximum school tax will receive \$10 a student up to fifty who attend for the full term.

Third—Any county levying as much as a 40-cent school tax will receive \$7.50 a student up to 50.

Fourth—Any county levying as much as 30-cent tax will receive \$5 a student up to fifty.

Any student who is more than 16 years old and has completed the grades may attend. Teachers in elementary schools are eligible to attend free of charge, although counties not having enough funds may charge not to exceed \$10 tuition for each student, but the payment must be freely made by the student.

The regular text books of the county or city in which the school is held will be used. The same credits will be given for study in the summer schools as given by the normal schools for summer courses.

The dollar a year man or woman will become a part of the Kentucky school system if a plan relating to attendance officers, suggested today to county superintendents by Prof. Colvin, is adopted.

The Kentucky law makes attendance officers compulsory in every county.

The state superintendent sought to have a law passed by the last legislature making this optional. Some members of the legislature wanted to abolish the office. The Senate passed the superintendent's bill and the House passed the abolition bill. In the rush of the closing days of the session neither bill was put through both houses.

The state superintendent today suggested to county superintendents who have not adequate funds for employing a competent attendance officer, that they appoint some person at \$1 a year, and that the superintendent then do the work of the attendance officer himself.

Give the Country Children A Chance

Some citizens of Madison county may fully approve of the action of the Fiscal Court in refusing to levy the tax requested to cover the budget submitted by the County Board of Education as a step in economy. The members of the court doubtless believe that they were serving the best interests of the county when they took this action. But court and citizen must remember that there is such a thing as "A saving that wasteth."

Madison county, as well as Kentucky, has attempted to save in a most wasteful manner during the years that have passed in the education of children of the country districts. During the recent term of court many fines and imprisonments were imposed upon our citizens. The fines totaled \$8,750 while the jail sentence, amounted to 2,168 days. Each day of imprisonment costs the county 75 cents, making a total of \$1,626 expended for the keeping of the prisoners, while these idlers, if they had been employed in useful voluntary labor, earning only an average of \$1.50 per day, would have produced wealth to the amount of \$3,252 for the benefit of the county. In addition to these losses, two young men, boys almost, who should be in school, await trial for taking a human life. Has Madison county been saving wisely in the years that have passed in neglecting the education of her children?

The children of the rural districts are now being given a fair chance in life today. The two independent school districts in the county—Richmond and Berea—are taxing themselves this year, 75 cents on the hundred dollars of property for maintenance of public education. They are giving the children within their jurisdiction 180 days of schooling during the year. Richmond will soon have a building worthy of her children and an honor to her as a city. Berea has a good eight-room brick building, modern in structure and furnishings and equipped to accommodate her children. But while these progressive towns are paying the price required to give their children a good school and a standard term, the country children are being given the one-room school, in most cases poorly housed, with an inadequately paid teacher, provided with insufficient equipment and working for a term of only 120 days last year, with probably only 140 days for the coming year.

Is this discrimination fair to the children on the farm? Can our county continue to neglect its schools without suffering the most certain punishment that is known—the vengeance of the neg-

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."—Rosa WARDEN, 3012 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally cured. Just plain statements, but they want other women to be helped.

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and no ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

lected child? The answer is evident. If we levied a tax on the property of the county equal to that levied on the property of Richmond, every child in the county could have a nine months school, good houses could be built and adequately equipped, teachers could be paid a salary worthy of the work that is demanded of them, consolidated schools could replace the antiquated, inefficient one-room affairs that we now suffer from, high schools could be provided for our young people, and the country children would be given that which is their right, a fair chance in life.

Many people believe that Gov. Morrow exercised wrong kind of economy when he vetoed the bills appropriating much-needed funds for the State University and the two Normal Schools. If so, is not the action of our court of the same kind when it cuts the funds available for the education of our country children far below the demands of fairness and justice? Every rural man and woman should demand the maximum tax of 50 cents on the \$100 of assessed valuation, and go before the legislature at its next session with a demand that the county board be given the right to make as high a maximum levy as the boards of graded and city districts. Only by such action can we give a square deal and an even chance in life to our rural children. CHAS. D. LEWIS.

**Dies A Horrible Death;
"Moonshine" Responsible**

The Bryantsville section of Garrard county was shocked by the tragic and horrible death of Andrew Crank, a well known farmer about 35 years of age. The day before he was in Lexington, and while he was not in the habit of drinking, he purchased a pint of moonshine liquor from a bootlegger and drank some of it. The next morning about 8 o'clock he became desperately ill as he started to walk away from his home. He was at first stricken with a terrible pain in his abdomen and later he began to have convulsion after convulsion. Dr. B. C. Rose the Bryantsville physician, was summoned but realized that Mr. Crank had been fatally poisoned and that his death was a matter of but a short time. He lived about three hours. Blood oozed out of his mouth, ears nose and eyes. After being stricken Mr. Crank was never able to tell from whom he purchased the liquor.

Moonshine whisky in many sections of the country is proving fatal to those who drink it. A lot of it is poisoned in the manufacture through contact with certain metals, other moonshiners add lye in order to give the burn-in sensation of whisky. Mr. Crank is the second Garrard county man to die a horrible death as the result of moonshine poisoning. Mr. Crank is survived by his wife and two small children. Burial was in the cemetery at Mt. Hebron.—Danville Advocate.

**Bobbed Hair To Cost
Teachers Positions**

Atlantic City, N. J., Apr. 6.—Bobbed hair for teachers doesn't go here. It became known today that Superintendent of Schools Boyer yesterday had assembled all the city teachers and warned them of the reply he had given one young woman who sought his advice before clipping her locks—that she had better spare the scissors if she did not wish to spoil her position. "Not dignified," was the way Mr. Boyer put it.

**How an
EXPECTANT MOTHER
Prepared for Baby's Coming**

DO YOU know that thousands of women never really suffer at child-birth? Perhaps you have thought with many others that this should always be the case. But how?

Let Mrs. Mattie Paul, of Ocala, Ga., tell you. She is one of thousands who has demonstrated this fact:

"As I am a young mother of one baby, I am writing for free booklet to 'expectant mothers.' I used only two bottles of **Mother's Friend** before I was confined and had a quick and easy time through labor. I can recommend **Mother's Friend** to all expectant mothers. I will never go through pregnancy without it."

You, too, can have this booklet for expectant mothers by sending coupon below.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

**MOTHER'S
FRIEND**

Used by Expectant Mothers for Three Generations

It goes into the features of maternity and gives in a plain, interesting manner, information about what the mother needs in clothing before baby is born; what clothing will be necessary for the baby; an interesting table as to the probable date of delivery; simple but necessary and helpful rules of hygiene to follow, and much other worth-while information. This little booklet also tells about Mother's Friend and the wonderful good it is doing for expectant mothers.

Don't let false modesty keep you from performing this duty to yourself—your family—and your baby.

Send for your copy NOW.

AGED TWINS TELL SECRET OF LONGEVITY

(By Associated Press)

Woodville, O., April 6—William H. Sr., and Henry Bruns, 88 years of age, who claim the distinction of being the oldest living twins in the United States and who celebrated their 88th birthday here after being residents of this village for almost sixty years, give the following recipe for longevity:

Hard work and plenty of it. Taboo tobacco. Don't worry or fret. Smile at trouble. Regular meals and sleep. Live the Golden Rule.

The biggest thing in life, they say, is "keeping busy" and they have accumulated a tidy fortune by doing it.

A man without ambition is worse than a man without a count, in their opinion.

Neither twin has ever ridden in an automobile, they said.

Starting in business in 1864 in a general store, William was on the job every day, except for an occasional illness, until December 7, 1918, when fire destroyed the establishment.

Henry was clerk one year, then his partner, and then launched in business for himself, building a grist mill in 1865. In this business Henry also established a record for work, being on the job continuously until 1921 when fire "retired" him.

Since quitting the store and mill the twins have devoted their time to their extensive land holdings here, visiting their farms almost daily, and "helping do the chores and other odd and end jobs."

Born in Hanover, Germany, February 4, 1934, the Bruns brothers came to America at the age of 18 years. Both are married and have families.

Germany's Dog Tax

(By Associated Press)

Berlin, Apr. 6—Ownership of two or more dogs is classed as "luxury" here and extra heavy taxes are imposed under a new schedule. It is estimated that the owners of the 140,000 dogs in Berlin must pay the government 50,000,000 marks for licenses.

Will Day In Bad Ag-in

Will Day was arrested at Winchester on a warrant sworn out by William Botts, negro. Botts charged that Day threatened his life because he told that Day gave him a drink of whisky. Day appeared before Judge Sobee and the court referred the case to the grand jury which is now in session. Two years ago Day served four months in federal prison, being convicted for operating a moonshine still in his home in Winchester.

Bocce Smuggling Everywhere

Hamburg, Apr. 6—Germany, like America, is engaged in a war with liquor smugglers. High customs duties and a dearth of "hard liquor," instead of prohibition, is the incentive to smuggling here and the rum-runners are able to sell their illicit goods at big profits. Captains and crews of fishing boats are doing a thriving smuggling business in all ports on the German coasts.

TOWN TEAM PLAYS EASTERN FRIDAY

Richmond's first baseball contest of the season will be played on the Normal Friday afternoon between Eastern and a town team if weather permits. Eastern has been hard at practice for the last few weeks which will give her a big advantage. Although several men are expected to enter school next term and the Maroon and White will be strengthened considerably, Coach Hembree has a strong team to send to the field against the Richmond boys. Clark will do the receiving work for Eastern, while Coleman, Davis and Lewis probably will take turns on the mound for Hembree. Lewis seems to have the edge on the other twirlers and if no new man arrives he will be Eastern's first string pitcher. He pitched Eastern to many victories a few seasons back and seems to have lost little of his skill which means the town boys had better keep their eyes open.

Stephenson will be stationed at first base in the initial contest. Johnson at second, Little at short and Mainous at third. Mainous is the only infielder of last year's strong team. This infield has rounded into good condition and will keep pace with the rest of the team. The outfield has not been fully decided on by Hembree, but Dunaway, of last year's team will probably be in right Crutcher in center and Potter in left. Bryan and Byrd will most likely get a chance in the outfield.

Eastern will come on the field with new uniforms. They are white with a navy blue stripe. Eastern is written in circular form across the chest. The caps are navy blue with a white E. The towny team is to be picked from the best talent in the city and the game is sure to be a fast one.

Japan Clover In Graves County

Mayfield, Ky., Apr. 6—Japan clover, said to be an exceptional soil building and pasture crop, is attracting marked attention from farmers in this section of the state, according to County Agent B. H. Mitchell. The acreage has been increased 30 per cent this spring while Graves county farmers have made plans to save 3,000 bushels of seed this fall for future plantings, it is said.

Bourbon County Farm Land Is Sold at \$282 Per Acre

The Mary E. Wilson farm was disposed of at the court house door in Paris Monday at the high price of \$282 per acre. At a previous sale a few months ago the place sold for \$171 per acre. The sale was made by Master Commissioner Hanson Peterson, of Cynthia, and the forty-one acres was bought by Robert Cromble, of Paris.

World Disarmament Conference Revives Spirit of '76, Says Prominent D. A. R.

Vice-President Coolidge receives congratulations from Mrs. William N. Reynolds of the D. A. R. on Administration's part in Disarmament Conference.

"THE national spirit of 1776 re-born on a great international scale."

This is the way in which Mrs. William N. Reynolds, chairman of the International Relations Committee of the Daughters of the American Revolution, summarized the results of the Disarmament Conference in congratulating the administration and delegates upon its result.

As chairman of this important committee of the Daughters of the American Revolution, in whose Continental Memorial Hall at Washington the delegates held their sessions, she is now issuing recommendations to all chapters of the society as to definite action they can endorse to uphold the agreements reached at the conference.

"I see in the treaties drawn up by the delegates of eight great nations the groundwork for an international Declaration of Independence," Mrs. Reynolds told Vice President Coolidge at the close of the conference. "What our Revolutionary forefathers established for

this nation in 1776, the men assembled at this conference have sought to accomplish for the world. A new international morality has been voiced, and it now remains for us all to do our part in seeing that these treaties are ratified and the pledges contained therein are kept in international good faith."

Mrs. Reynolds has just left her home in Winston-Salem, N. C., on a trip to the Pacific Coast. En route she will attend conferences of the Daughters of the American Revolution in seven states and will personally present the report of her committee on the Disarmament Conference and the recommendations on service this organization of 120,000 women can perform in strengthening international ties.

Special interest centers around Mrs. Reynolds on this trip because of her candidacy for President General of the Daughters of the American Revolution at their forthcoming election. For this post she has the unanimous endorsement of many states and the support of chapters in all parts of the country.

How a Town Disappeared

Maysville, Ky., Apr. 6—Mitchell's Mills has completely disappeared. This once thriving town in Robertson county, just over the Mason county line, once was the site of a two-story hotel, a woolen mill, a carding mill, a flour mill, a furniture factory, a saw mill, a shoemaker's shop, a tan yard and other industries. Years ago the business interests of the town were moved away and only the old Massie home- stead remained. This recently was torn down and today not a vestige of the place remains. The Massie homestead originally contained 600 acres. It was purchased in 1828 by William Massie for \$600, the price including a tanyard of fifty vats. Today the land is probably worth \$100,000 or more.

Mr. and Mrs. R. L. Masters, of Richmond, visited relatives at this place recently.

Mr. and Mrs. Robert Howard visited Mrs. Edgar Howard Sunday.

The many friends of Mrs. Creighton Whitaker are sorry to learn she is dangerously ill at the Gibson hospital.

Mrs. Richard Burgess and Mrs. Oscar Hendren were Sunday afternoon visitors of Mrs. N. J. Burton, who is ill.

Mrs. Lena Howard spent Sunday with Mrs. Jessie Clark.

Mr. Letcher Bogie is quite ill at this writing.

Mrs. Julia Davis, widow of James Davis, died at her residence near Cottonburg April 2. She had been an invalid for several years, but her death was a shock to her many friends. She was 66 years of age and leaves six children and a number of friends who will greatly miss her. Funeral services were conducted by Rev. Rogers, the subject being "The Master has come and calleth for thee." The body was laid to rest in Gilead cemetery by the side of her husband who preceded her to the grave twelve years.

Berea Boy At State

Lexington, Ky., Apr. 6—Ralph Hicks Woods, of Berea, is enrolled in the College of Agriculture of the University of Kentucky. He is the son of J. M. Woods, a farmer of Grant, Virginia. Mr. Woods was for a number of years a resident of Madison county removing to Virginia only a few years ago. Woods was a graduate of the Troutdale high school. He has made a good standing in all his classes at the University. After his graduation, Mr. Woods intends to engage in farming with his father. Woods is a member of the Ag Society and takes part in other activities of the campus.

ESTILL MEN HAVE GOOD SALE IN BOYLE

The Danville Messenger had this about the sale held by A. J. Brookshire and Coleman Benton, of Estill county, in Boyle county, this week:

The Leete Sales Co., of Irvine, sold at auction the fine 229-acre farm of Messrs. A. J. Brookshire and Coleman Benton, known as the Hughes place on the Hustonville pike, one mile from Danville, to Mr. J. D. Erskine, of Cumberland Falls, Perry county, at \$201.50 per acre. Possession will be given immediately, but Mr. Erskine will not move to the place before December. A lot of personal property of Messrs. Brookshire and Benton also was sold. Sows and pigs brought from \$35 to \$66; sows to farrow \$20 to \$35; milk cows from \$50 to \$90; a pair of mules \$180 and a horse for \$100. Farming implements sold well. A large crowd was in attendance at the sale which was cried by Rodney Brookshire, well known auctioneer of Winchester. This farm is one of the best in this section of the county and was bought by Messrs. Brookshire and Benton two years ago at \$295 an acre. Mr. Brookshire has been running the farm, Mr. Benton, his partner, being a prosperous oil man of Estill county. Mr. Erskine, the new owner of the farm, is a splendid gentleman and will be welcomed to Boyle county.

LEGION WANTS BETTER HOSPITAL TREATMENT

(By Associated Press)

Chicago, Apr. 6—Declaring that the American Legion was not satisfied with the facilities for hospitalizing disabled war veterans and that "the success of the whole system of vocational training still is in the balance," A. A. Sprague, chairman of the Legion's rehabilitation committee, today asserted that a recent statement by the United States Veterans' bureau of the work it was doing "conveys impressions that may be misinterpreted or misused."

Mr. Sprague said the bureau's statement of work done, signed by C. B. Forbes, director, was true, but he declared that "no statement should be given out by the Veterans' bureau to the general public which would give the impression that the bureau or the government is a 'benefactor' to the sick and disabled ex-service men."

VALLEY VIEW

Mrs. Herbert Perkins and Mrs. Mollie Tillet had a very narrow escape of getting drowned Tuesday evening. They were going to Mrs. S. K. Ballard's to spend the evening. While crossing the creek on a foot log, Mrs. Perkins' head began swimming. She had hold of Mrs. Tillet's hand and Mrs. Tillet fell into the creek, but finally got out. Mrs. Perkins could not make any one hear her hollering. Friends are very glad they came out safe.

Mrs. Winnie Harvey is on the sick list.

Mrs. Mattie Rutledge spent Sunday with Mrs. C. W. White.

Several from here attended court in Richmond Monday.

We had a nice crowd at church Saturday night and Sunday.

Chaz. Cohen's Trial

Much interest is felt here in the trial at Lexington set for Thursday of Charles Cohen, who is charged with the shooting of J. W. Porter, prominent banker, last fall. Judge William Worthington has issued an order requiring Drs. George D. Sprague, C. A. Nevitt, S. A. Blackburn and R. E. Markham to be in attendance in court. It is the contention of Attorney J. G. Denny, counsel for Cohen, that Cohen is afflicted with a nervous disease.

Fine Fillies To Race For \$10,000 in Kentucky Oaks

(By Associated Press)

Louisville, Ky., Apr. 6—Fifty-three three-year-old fillies have been nominated for the 48th running of the Kentucky Oaks which will be run at Churchill Downs during the spring meeting of the Kentucky Jockey Club. It was announced here today. The Jockey Club has added \$10,000 to the usual stake, of which \$1,500 will go to the second horse; \$800 to the third and the fourth horse will save its entry and starting fees, making the race worth approximately \$9,000 to the winner. The distance is a mile and an eighth. The animals entered represent some of the best known stables in the country.

Which Is Most Important To You What Goes into a Can of Paint or What Comes Out of It?

A long time ago, Lowe Brothers found out that six different ingredients had to be used in making High Standard Paint, if their customers were to get the satisfaction and lastingness out of every can that they had a right to expect.

They found out, also, that a different mixing and

grinding process had to be employed.

You're not particularly interested in the manufacturing details, but you do want satisfaction and lastingness in paint.

That is what Lowe Brothers put into every can of High Standard. It is what we always get out of every can. Come in and ask for free literature.
